

Lillian and Adrien, two TAF patients

We Envision the Day...

WHEN NO PERSON GOES WITHOUT TREATMENT BECAUSE OF AN INABILITY TO PAY

How We Help

WHAT ARE TAF'S ELIGIBILITY CRITERIA?

- Must be a U.S. resident with health insurance (government-sponsored or private)
- Must meet income requirements
- Must be diagnosed with a disease for which we have a disease program
- Must have a prescription for an FDA-approved treatment for the disease named in the program and it must be covered by health insurance

TAF will verify your financial need and confirm you are not currently receiving assistance from another independent charitable patient assistance organization.

HOW DO I APPLY FOR ASSISTANCE?

To apply for financial assistance, complete an application on our website (www.tafoares.org) or call (855) 845-3663 to speak with one of our caring, bilingual Patient Advocates. If a disease program is not accepting new applications, eligible patients may join the program's waitlist.

HOW LONG DOES TAF FINANCIAL ASSISTANCE LAST?

Financial assistance is provided on a calendar-year basis and there is no cap on the amount of assistance a patient can receive in a calendar year (unless otherwise specified in the respective disease program). If your disease program receives funding for the following year, you may be eligible for reenrollment.

"Our family really, really appreciates TAF."

—Norman, a TAF patient, and his father

Covered Diseases

New disease programs may open at any time.

For the current list, visit tafcares.org.

Acid Sphingomyelinase Deficiency
Acromegaly
Activated Phosphoinositide 3-kinase Delta Syndrome (APDS)
Acute Myeloid Leukemia
Alpha-1 Antitrypsin Deficiency
Amyloidosis
Amyotrophic Lateral Sclerosis (ALS)
Ankylosing Spondylitis
Asthma
Atopic Dermatitis
Atypical Hemolytic Uremic Syndrome (aHUS)
B-Cell Lymphoma
Biliary Tract Cancer
Bladder Cancer (Federal)
Breast Cancer
Bronchiectasis
Chronic Granulomatous Disease (CGD)
Chronic Inflammatory Demyelinating Polyneuropathy (CIDP)
Chronic Lymphocytic Leukemia
Chronic Obstructive Pulmonary Disease
Clostridium Difficile-Associated Diarrhea
Cold Agglutinin Disease
Colorectal Cancer
Crohn's Disease
Cystic Fibrosis
Cystinosis
Duchenne Muscular Dystrophy
Eosinophilic Esophagitis
Epidermolysis Bullosa
Epilepsy
Fabry Disease
Familial Chylomicronemia Syndrome
Focal Segmental Glomerulosclerosis (FSGS)
Gastric Cancer
Gaucher Disease
Gout

Head and Neck Cancer
Heart Failure
Hemophilia
Hepatitis C
Hepatocellular Carcinoma
Hereditary Angioedema
Hodgkin Lymphoma
Hypoparathyroidism
Hypophosphatasia (HPP)
Hypophosphatemia
Idiopathic Hypersomnia
Idiopathic Pulmonary Fibrosis
Immunoglobulin A Nephropathy
Immunoglobulin G4-Related Disease
Infantile Spasms
Iron Deficiency Anemia
Juvenile Arthritis
Lambert-Eaton Myasthenic Syndrome (LEMS)
Long-Chain Fatty Acid Oxidation Disorders
Lupus
Lysosomal Acid Lipase Deficiency
Macular Degeneration
Macular Telangiectasia (MacTel)
Melanoma
MPS I
MPS II-Hunter Syndrome
MPS VII-Sly Syndrome
Multiple Sclerosis
Myasthenia Gravis
Myeloproliferative Neoplasms
Myositis
Narcolepsy
Nephrotic Syndrome
Neuroendocrine Tumors
Neurofibromatosis
Neuromyelitis Optica Spectrum Disorder (NMOSD)
Neutrophic Keratitis

Niemann-Pick Disease Type C
Non-Small Cell Lung Cancer
Nonalcoholic Steatohepatitis (NASH)
Nontuberculous Mycobacterial (NTM) Lung Disease
Ovarian Cancer
Pancreatic Cancer
Parkinson's Disease
Paroxysmal Nocturnal Hemoglobinuria (PNH)
Pompe Disease
Porphyria
Post-Traumatic Stress Disorder
Primary Biliary Cholangitis
Primary Hyperoxaluria
Primary Immunodeficiency
Prostate Cancer
Psoriasis
Psoriatic Arthritis
Pulmonary Hypertension
Renal Cell Carcinoma
Rett Syndrome
Rheumatoid Arthritis
Sarcoidosis
Short Bowel Syndrome
Sickle Cell Disease
Skin and Skin Structure Infections
Small Cell Lung Cancer
Systemic Sclerosis
Thrombocytopenia
Thyroid Cancer
Thyroid Eye Disease (TED)
Tumor-Induced Osteomalacia
Ulcerative Colitis
Urea Cycle Disorders
Uveitis

We have assisted over 260,000 patients since 2009, including over 72,000 in 2025.

We offer copay and financial assistance through 100+ disease programs.

94% of TAF's expenditures provide direct financial assistance to patients.
